Career Objective

An individual consistently driven by curiosity, eager to embrace novel technologies and willing to take calculated risks in order to craft innovative solutions. My enthusiasm lies in the pursuit of becoming a software developer, focused on creating impactful solutions for various challenges.

Education

Kongu Engineering College,Anna University,Taminadu,India   **2022-2026**
- Branch Computer Science & Design | CGPA: **8.62 (up to 2'nd semester)**

G.H.S.S Veerapandi,Tirupur   **2019 - 2020**
- *HSC (Class XII) : 85.33%*

G.H.S.S Veerapandi,Tirupur   **2021 - 2022**
- *SSLC (Class X) : 58.2%*

Skills

Problem solving | C | Java | HTML | CSS | JavaScript | React | Git | API | Spring boot | Cloud (Basics)

Projects

E-saver
App provides structured plan to meet the user's monthly target bill price
- The project is in the prototype stage
- We builded the frontend in React
- Algorithmic ideas are in prototyping stage

IV-Guider
The web based application helps the iv student coordinator to finish the college paper works smoothly
- frontend - react
- backend - mongodb,spring boot,REST api

AIR-WEDGE

The helps the calculation involved in the exp : AIR WEDGE - DETERMINATION OF THICKNESS OF A (NANO - CRYSTALLINE) THIN FILM
- *frontend - react*

Academic and Extracurricular Achievements

- **Runner up-2,** 24-hour GDSC Hackathon, KSR College of Engineering and Technology
- **First Place**, Coding contest at PSG college of Technology (SRISHTI 2K23 - National Level symposium)
- **First Place**, Coding contest at KGISL college of Technology
- **First Place,** Coding contest at BIT
- **First Place,** Tech Illuminate at PSG college of Technology (SRISHTI 2K23 - National Level symposium)

Positions of Responsibility

Computer Science & Design Coding club | Coordinator
- I am contributed coding problems to the club
- We conducted so many coding contest
